EXPRESSION OF INTEREST
For
AGE MANAGER 2010/11 SEASON

Role of Age Manager

Age Managers run our Saturday competitions, they organise the events and call upon 3 or 4 parents to assist.

The age managers are your first point of call with parents and if unable to answer questions seek out a committee member for appropriate action.

The age manager will also forward information to parents each week regarding up coming events and important dates.

The age manager assists with the selection of teams to represent the club and respond in a timely manner to the Championship Officer.

The age manager is responsible for the safety and security of those children in their age group and the development of each in the sport of athletics.

Selection and Duration

A sub committee of the duly elected committee will determine the most appropriate nominee for the position of age manager for each group. This will be determined on experience, coaching qualifications, effective communications and other attributes essential in the role.

Please give a full account of your experience etc. so the sub committee can make an informed decision.

The position is for one season and is not necessarily an ongoing appointment. An expression of interest must be completed each year and returned to the President or Secretary before the start of the season.
